Subject: Rosemont press call

Hi All – Just a quick heads-up that I just took a call from Tony Davis (AZ Daily Star). He's doing a story on Rosemont mitigation. We didn't speak long, but the upshot is I informed him of the meeting happening this Wed with Rosemont on this topic, and asked that he work through Rusty to set up further discussions (perhaps early next week). He said his story isn't slated to run for about two weeks. -JB

Subject: Rosemont Copper Mine Meeting

Hi Everyone

Just a reminder of our meeting on Wednesday, August 7th, 11am-1pm in room 1205 at EPA. Tomorrow, I will provide call-in information for Marjorie Blaine.

At our last meeting on June 19th in Tucson, Kathy Arnold requested a follow up meeting to discuss the proposed Rosemont Copper Mine. The meeting date was set to allow time for the Corps and EPA to review updated information provided in the USFS AFEIS. It is my understanding Rosemont would like to continue discussions on their compensatory mitigation plan to offset impacts to waters under 404 CWA.

Rosemont - Please provide us with an agenda so we can effectively use our meeting time.

Call or email me if you have any questions.

Thanks, Elizabeth
